RE: Architectural Heritage Association Student Scholarship

The Architectural Heritage Association is pleased to announce its Fourth Annual Marywood University School of Architecture Student Scholarship Program. The scholarship will assist 2 worthy students per year in the pursuit of their architectural studies. AHA hopes to encourage and foster interest in the historic built environment of Scranton, Pennsylvania. To that end we invite students to express the city of Scranton through their creativity via artistic media.

The Scholarship Program for 2019 will be an award of \$1,000 to each student.

Selection Criteria:

- Candidate must be enrolled as a full-time student in an accredited architectural program at Marywood University.
- The student must be of strong character and impeccable integrity.

Requirements for Selection:

- A letter of recommendation from the director of the program, professor or Course Advisor.
- A brief autobiographical sketch describing the student's reason for studying architecture, and the goals the student hopes to achieve (200 words or less).
- Examples of the student's work that best supports the student's interest in architecture, historic preservation, and/or adaptive reuse, and can be sketches, paintings, drawings, school assignments, photography or essays (i.e. any creative media) focusing on the historic architecture of Scranton. Examples are to be submitted electronically with no more than 5 images, not to exceed 50MB. More than 5 images can be collaged together. If the student's submission is best presented in a printed format AHA will accommodate that preference.
- Candidate must be available for an interview with the selection committee, and must guarantee their personal appearance at the Award Ceremony at the AIA NEPA Chapter Dinner on November 22, 2019.

As the Chairperson for this committee, I respectfully request that you pass this notice on to your student body within the architectural programs, and place into nomination those candidates that you believe fulfill the goals and spirit of this event.

Should you require further information or need additional application forms for submittal, please contact martina@arch-mb.com without delay.

Sincerely,

Martina Bacarella
